Education

- **Dr. D. Y. Patil Institute of Technology, Pimpri, Pune** Aug 2023 – Jul 2027
Bachelor of Engineering in Computer Engineering CGPA: 9.07 / 10
- **Army Public School, Pune** 2020 – 2022
Class XII: 77% | Class X: 87% CBSE

Experience

- **Nirvaa Solutions Pvt. Ltd.** Jan 2026 – February 2026
Data Science Intern, Pune, India
 - Designed **ETL pipelines** with **schema validation** and **data preprocessing**.
 - Cleaned and normalized **large-scale business datasets**.
 - Built **backend-ready analytical datasets** for **BI consumption**.
 - Delivered **Power BI dashboards** for **operational and data-driven insights**.

Projects

- **NetSecOps AI – Fraud Intelligence Platform (Alliance Tech Championship) Dec 2025 – Present** | GitHub (Python, FastAPI, MLflow, Docker, PostgreSQL, XGBoost)
 - Designed backend pipelines to process **10k+ simulated financial transactions** with structured schema validation.
 - Built an end-to-end **MLOps pipeline** (experiment tracking, model versioning, drift monitoring) improving deployment reliability by **30%**.
 - Developed **real-time risk scoring APIs** with optimized async handling, reducing average response latency to **50ms**.
- **Wipeable – Secure Data Wiping Software (SIH 2025)** Aug 2025 – Oct 2025 | GitHub | Video Demo (Rust, Node.js, Electron.js, PostgreSQL)
 - Engineered a **Rust-based multi-pass wiping engine** aligned with **NIST SP 800-88**, ensuring secure overwrite guarantees.
 - Implemented integrity verification and failure-safe execution, eliminating partial-wipe risk by **100% in test cases**.
 - Generated compliance-ready audit logs and tamper-resistant reports for enterprise-grade data destruction workflows.

Achievements

- **Competitive Programming**
 - Codeforces **Expert** (Max Rating: 1638); 450+ problems solved.
 - CodeChef **3 Star** (Highest Rating: 1820); Global Rank **170** (Starters Div 2 227 Rated).
 - LeetCode: **1000+ problems solved**.
 - ICPC 2025 Prelims – Ranked **1929th** nationally.
- **Hackathons & Technical Competitions**
 - Smart India Hackathon 2025 – **Top 2 (Internal)**; SIH 2024 – Top 10.
 - Allianz Tech Championship – **Round 2 Shortlisted (Top 15 / 1000+ participants)**.
 - **1st Rank** – Google GenAI Quiz (300+ participants).
 - **Rank 3** – AWS AI for Bharat Hackathon Quiz (250+ participants).

Position of Responsibility

- **Web Development Lead – Google Developer Group (GDG DIT)** Website
 - Led **backend-integrated website development** using **Next.js**.
 - Conducted **Google Cloud Study Jams** for **250+ students**.
- **Tech Lead – Association of Computer Engineering Students (ACES)** ProjectHive | Acunetix Website
 - Maintained **backend workflows** for **ProjectHive contributors**.
 - Mentored juniors on **Git, backend systems, and cloud fundamentals**.

Technical Skills

- **Languages:** C++, Python, JavaScript, SQL
- **Backend & Systems:** FastAPI, Node.js, REST APIs
- **Databases:** PostgreSQL, MongoDB, MySQL
- **Tools:** Linux, Docker, Git, GitHub
- **Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
